Mr. Gurdev Saini
(Chairman & MD)

From
Director's Desk

In view of the fast industrialization and urbanization globally and the resultant damages, the need for effective and scientific Fire Prevention practice have been acknowledge to mitigate the possible damages to man and machinery.

Realizing the need for such professional courses, NAFT CHANDIGARH under the aegis of Navbharat Institute of Higher Education & Technology has started with a modest beginning of 3 centers with the professional courses, viz. Diplomas in Fire, Health, Safety & Environment Educations besides Two years MBA in Safety Management and Three years B.Sc. programmes in and around Chandigarh in 2006, by 2019 NAFT Chandigarh has been able to established around 08 centres in 04 states across India. It is only possible because of NAFT's innovative, collaborative and multi disciplinary approach helped NAFT to achieve an unrivaled position in India. The Institute is steadily updating its programms; simultaneously sophisticating it's infra to reach global standards. It is gratifying to see that the Institute is trifocal, vision-teaching, placements oriented in consultancy.

Besides, NAFT, has also stated online short terms courses in affiliations with UGC recognised University.

NAFT, besides offering the above courses, it has it project division in Fire & Industrial Safety. viz. In- house and Corporate Training, Consultancy, Designing, installation, staffing, operations and all kinds of Satefy Audits including HIRA Audits on turkey basic to cater the needs of national and MNC established in India.

Vision

To become a global leader in Fire Engineering & Industrial Safety Education & Consulancy services.

Mission

To impact Futuristic & Comprehensive Fire Engineering & Industrial Safety education & Consultancy of global standards with a sense of high quality, displine and social respect

Quality Policy

1. To achieve global standards & excellence in teaching, research & consultancy by creating an environment in which trainers, students, industries & society at large can excel or get benefitted.
2. A passion for creating, sharing & applying knowledge to improve quality of education and consultancy services.
3. To enhance the quality of employees by continuous training.

Fire & Industrial Safety.....
.....a Career with Dignity Prosperity

Director - NAFT

Dr. S.S. Saini

B.Tech-CHEMICAL, PGDHSE, AIDS, PDIS (RLI), DES, PDFS, IOSH (MS), ISO 14001K & 18K MBA (SAFETY MGT), PhD.

About us

NAFT CHANDIGARH, an unit of Navbharat Institute of Higher Education & Tech. , having Registered Head office at Chandigarh, though its flagship organization, the National Institute of Fire Engineering and Management, Chandigarh is a pioneering and leading professional institute in India established in 2006 for imparting and education in the field of Fire Engineering, Safety Management, Health Safety and Environment Engineering.

Ours is ISO 9001:2015 certified organization. NAFT centre for Fire Engineering & Safety Management (A Unit of Navbharat Institute of Higher Edu. & Technology) has taken initiative to step into an industry where in youth of the country can avail the good career opportunity in safety.

Safety is one of the primary needs to prevent and protect ourselves and our wealth from unwanted eventualities. Beauty may be skin deep, but not the safety. Therefore the demand for knowledgeable and trained people in fire & safety is in increasing, in spite of global market recession.

NAFT Chandigarh , through its 06 Centers in Haryana, Punjab, Himachal & Uttrakhand, is engaged to impact quality training in the field of the Fire Engineering and Industrial Safety and Facilities Management by preparing students for Diploma, MBA & B.Sc courses in Fire and Safety Engineering and Health, Safety and Environment Management.

NAFT offers recognized Fire safety, industrial safety Diploma approved by UGC Approved University and Govt. of India.

"Industrial safety is important as it safeguards human life, especially in high risk areas such as nuclear, aircraft, chemical, oil and gases, and mining industries, where a fatal mistake can be catastrophic. Industrial Safety reduces risks to people, and processes, Process control and safety systems are usually merged. Maintaining a safe and healthly working environment is not only an important human resources issue, it's the law. Whether they're entry-level workers, seasoned veterans, supervisors, or plant managers, the employees need to understand health and safety risks, the steps they need to take to minimize those risks, and comman safety standards and compliance procedures."

FIRE FIGHTING COURSE

Course	Duration	Eligibility
Certificate Course in Fire & Safety (DFS)	6 Months	10th, 10+2
Diploma Course in Fire & Safety (DFS)	One Year	10+2 & Above
Fire Technology & Industrial Safety (FTIS)	One Year	10+2 & Above
PG in Fire Technology & Industrial Safety (PGFTIS)	One Year	Any Graduation
Advance Diploma in Fire and Safety (ADFS)	One Year	Any Graduation
B.SC (Fire and Industrial Safety)	3 Years	10+2

INDUSTRIAL SAFETY MANAGEMENT & HSE

Course	Duration	Eligibility
Certificate Course in Industrial Safety (CCIS)	6 Months	10th, 10+2
Diploma in Industrial Safety (DIS)	One Year	10+2 & Above
Diploma in Occupational Health, Safety & Envi.(DHSE)	One Year	10+2 & Above
PG in Occupational Health, Safety & Envi. (PGHSE)	One Year	BE/B.Tech/BSc/Poltechnical
Advance Diploma in Industrial Safety (ADIS)	One Year	BE/B.Tech/BSc/Poltechnical
B.SC (Health, Safety & Environment)	3 Years	10+2
B.SC (Health, Safety & Environment), Lateral Entry	2 Years	10+2+ Safety Diploma
MBA (Safety Management)	2 Years	Any Graduation

1. Industrial Safety
2. Construction Safety
3. Occupational Health
4. Environment and Pollution

Our Placement Records

NAFT offers placement assistance to its students helping them secure a great career start in their professional life. The placement records of the institute speak volumes about it. The major highlights being the recruitment drives at NAFT both at National and International level. The name that the Institute has fetched out for its well trained professional workforce employed around the different corners of the globe has been the reason for its widespread success.

As per the Indian Industrial act any Industry which is operating with a standard work under hazardous catagory must maintain a Safety department and Safety personnel's for the proper protection of the Indusrty, Environment and its
